

Young Manufacturing Leaders Summit 2023

WM Forum 2023

Auditorium SDF | Treviglio (Bergamo) Italy

Welcome and opening remarks

Diego Andreis
President
WMF

Marco Taisch
Scientific Chairman
WMF

Paola Fantini
Education Director
EIT Manufacturing

Welcome and opening remarks

Greta Braun
PhD Candidate
Chalmers University Technology

Out of ordinary Business Models to attract and retain Talents in Manufacturing

Alessandro Somaschini
National Vice President
Giovani Imprenditori di Confindustria

Deep Technologies and Young Manufacturing Leaders: smartifying the next generation workforce

Elisa Roth
Co-Founder
Augmented Industries

Liliana Antão
PhD candidate
University of Porto

Joe El Khouri
Master Student
EIT Manufacturing
University of Trento

Erika Rastelli
Vice President
YES for Europe

YML Contest for the 2023 World Manufacturing Report

David Romero

Scientific Vice-Chairman, World Manufacturing Foundation

Antonella D'Urso

Project and Event Officer, World Manufacturing Foundation

YML Contest for the 2023 World Manufacturing Report

Sandra Jaksic

Achieving Sustainable and Resilient Business Models through
Three Strategic Shifts

YML Contest for the 2023 World Manufacturing Report

Patrick Bründl

**Enhancing Sustainability and Resilience
through Business Model Innovation for
Electrical Engineering SMEs**

YML Contest for the 2023 World Manufacturing Report

Aikaterini Paraskevopoulou

**Reshaping Manufacturing Business Models:
A Holistic Approach towards Sustainability**

YML Contest for the 2023 World Manufacturing Report

Emanuele Della Corte

**Addressing Sustainability Goals through
Deep Tech-Driven Business Models:**

A Collaborative Approach to Innovation in Manufacturing

Clean Technologies and Young Manufacturing Leaders: saving our planet together

Federica Acerbi
Assistant Professor
Politecnico di Milano

Andrew Dickson
Co-Founder
Infraprint Technologies

Yohan Parsa
R&D Director
ROSI Solar

Jon Duo
Senior Engineer
Satlantis

Additive Manufacturing for Space Applications

The Team

Alessio Fino

Student, Politecnico di Torino (Italy)

Nisarg Doshi

Student, Somaiya College of Engineering (India)

Oisín Gavigan

Senior R&D Engineer, PlasmaBound (Ireland)

Daniel Knüttel

Ph.D. Candidate, ETH Zürich (Switzerland)

Manish Kumar

Ph.D. Candidate, Indian Institute of Science (India)

Evan Winterlich

Research Engineer, I-Form (Ireland)

Sustainable Manufacturing Innovation Contest “Our Future: Youth in action for Industry 5.0”

Lucie Hlavůňková

PhD Candidate, Czech Technical University in Prague

Valeria Tirelli

CEO, AIDRO and Area Manager, Women in 3D Printing

Ilaria Ardizzoia

Co-owner, 3ntr Additive Manufacturing System, Women in 3D Printing

Sustainable Manufacturing Innovation Contest “Our Future: Youth in action for Industry 5.0”

3rd place

Agnes Andersson &
Caroline Mathiesen

Escape the resistance against technology in Industry 5.0

Luca Torelli

Augmented Intelligence Workstations

Elisa Roth &
Mirco Moencks

Microlearning: Upskilling
in the Flow of Work

Sustainable Manufacturing Innovation Contest “Our Future: Youth in action for Industry 5.0”

2nd place

Andrea Maniscalchi

Energy communities in the age of Industry 5.0

Sustainable Manufacturing Innovation Contest “Our Future: Youth in action for Industry 5.0”

1st place

Samantha Grillenzoni & Laura Oggionni

SAFE

Samantha Grillenzoni & Laura Oggioni
SAFE

YML closing remarks

Joana Miranda Pinto
Project Manager
University of Porto

John Power
PhD Candidate
University College Dublin
